

Forecast For Northwest England  
Issued by Met Office Exeter  
at 1600 on Wednesday 24 Mar 2021

++ Valid for broadcast between 1800 and 0600

Headline:

Rain showers overnight.

This Evening and Tonight:

A cloudy evening north of the region with outbreaks of rain. Drier with clearer conditions further south of the region but soon turning cloudy with some showers overnight. Minimum temperature 7 deg C (45 deg F).

Thursday:

A largely cloudy day with occasional clear spells. Scattered showers will be heavy and persistent in places with the driest conditions south of the region. Breezy with winds strengthening overnight. Maximum temperature 13 deg C (55 deg F).

Outlook for Friday to Sunday:

Turning colder on Friday with showers, wintry over high ground, continuing through Saturday. Feeling milder again on Sunday with persistent rain. Windy throughout, with the risk of coastal gales.
